Government is too stupid, corrupt for any kind of tourism in the pay of criminal gangs for 25 years

Only a Lot of idiots with fake diplomas they bought

Forests on the coast are being cut down again, with mafia permits from Edi Rama, Mirela Kumbaro and known forged property documents. Sewage into the sea, through secret pipes, from the illegal constructions, the mafia city of Durrës, and the ministry, with dirt all around Durrës and polluted beaches. The minister, Edi Rama, is again giving permission to cut down forests and trees on the coast: here Curilla Durrës, for gangsters with fake property documents. State guarantees, Arbitrage documents were ignored, all tourism zones were already destroyed under Fatos Nano and sold to criminals.
